LANGUAGE

- Tamil
- English

EDUCATION

ST. Joseph College Of Engineering - Chennai
BE. Computer Science And Engineering(2023-2027)
CGPA: 8/10
CSI.St.Ebba's Matric.Hr.Sec.School - Chennai

SKILLS

- **Data Analysis & Visualization :**
Data Cleaning, Data Transformation, Exploratory Data Analysis (EDA), Data Visualization, Dashboard Development, Statistical Analysis
- **Programming Languages :** Python, SQL
- **Data Analysis Tools :** Power BI, Tableau, Microsoft Excel, Google Sheets
- **Python Libraries :** Pandas, NumPy, Matplotlib, Seaborn
- **Database Management :** MySQL, Supabase
- **Core Concepts :** Data Structures & Algorithms, Object-Oriented Programming (OOP), Database Management Systems (DBMS)

PROFESSIONAL SUMMARY

As a Computer Science and Engineering student with a strong foundation in Data Analysis, skilled in Python, SQL, Excel, Power BI, and data visualization. Highly adaptable and committed to continuous learning, seeking opportunities to apply analytical skills, derive meaningful insights from data, and contribute to data-driven projects with dedication.

CERTIFICATIONS

- **Wipro Cloud Certified**
- **Wipro Artificial Intelligence Certified**

PROJECTS

Whistle Event And Hall Booking App

CODE

- Engineered a full-stack event booking platform enabling seamless discovery and reservation of venues and services in real time.
 - Designed a responsive UI to simplify vendor selection, booking management, and event planning workflows.
- Integrated secure payments and scalable backend architecture for efficient coordination, real-time availability, and data management.

Technologies Used:

Frontend :HTML,CSS
Backend :Supabase , python
Database :MySQL
APIs : Razorpay
Visulization :Map(Leaflet)

Webinar

CODE

- Developed a webinar and online course platform enabling users to explore, select, and enroll in courses while allowing admins to manage course content.
- Designed a responsive interface and implemented a scalable backend using Spring Boot and REST APIs for efficient course management and user data handling.

Technologies Used:

Frontend :HTML , CSS
Backend :Supabase , python
Database :MySQL
APIs :PostmanAPI

ACHIEVEMENTS

- Secured 3rd place among 150+ projects at the Inter-College Project Expo (2025) for innovative project development and execution.
- Secured 3rd place among 150+ projects at the Inter-College Project Expo 2026 for innovative project development and successful project execution.
- Currently undergoing Data Analysis training at QSpiders Institute as part of the Campus Recruitment Training Program, developing skills in Python, SQL, Excel, Power BI, Tableau, and data visualization techniques.
